To Scheduling Departments of
- Airlines Serving Abu Dhabi and Al-Ain,

**Allocation of Timeslots
2010 Northern Summer Schedules
(28 March to 31 October 2010)
125th Schedule Conference
Vancouver, November 2009**

Airport Coordination Australia has been appointed by Abu Dhabi Airports Company (ADAC) to allocate timeslots at Abu Dhabi and Al-Ain Airports as IATA Level 2 (Schedule Facilitated) Airports.

Timeslot requests for all services at Abu Dhabi Airport during the 2010 Northern Summer Scheduling period should be submitted to Airport Coordination Australia

NOT LATER THAN 23:59 UTC 15 October 2009,

Preferably by e-mail to slots@coordaus.com.au , or otherwise either by Sita message to HDQACXH. The initial allocation of timeslots will be based on requests received by the deadline. Requests received **after** the deadline will be accorded a **lower** priority.

Please note that the Scheduling season for the coordination of Abu Dhabi covers the period from 27 March 2010 20:00 UTC to 31 October 2010 23:59 UTC.

Therefore, all submissions **must** include details for flights that commence in the W09 season on 26 and 27 March 2010 UTC and arrive or depart at Abu Dhabi in the S10 season **after 20:00 UTC on Saturday 27 March 2010**. (Refer also to SSIM Appendix H page 533 for clearances for flights partly out of season).

Submissions should be made in SSIM Chapter 6 format in **UTC**. However, submissions in local time will be accepted, provided that the time mode is clearly stated on the SMA reference line as '/LT'. **It is essential to use the aircraft type in Appendix 6 of the SSIM Manual and not the aircraft group to ensure the appropriate apron space is allocated.** **For example do NOT use 777 but use 772, 77L, 773 or 77W. Do NOT use 330 but use 332 or 333 etc..**

For your guidance scheduling guidelines as declared by ADAC are available on our Website to assist with planning.

Yours faithfully,
